Highways through **DEATH VALLEY NATIONAL PARK** are open; know and use **excessive heat** safety tips. All roads in the park are open. However, due to extreme heat and remoteness, the Park Rangers recommend travelers stay on the paved roads from June through September. Rangers ask visitors traveling to remote desert locations at higher elevations, to always leave a complete itinerary at home, obtain an up to date backcountry road map and be prepared for the unexpected. Drivers need to be sure their vehicle is in good condition and to carry an additional spare tire, extra gas, food and water. For backcountry road information, check the web site at www.nps.gov/deva ("Plan Your Visit/Things To Do/Outdoor Activities") and the Morning Report for current conditions.

WEATHER: Some periods of partly cloudy skies and a chance of isolated thunderstorms will persist over the Eastern Sierra and Northern Mojave through the middle of next week. Highs have been in the mid 40s in the mountains, near 90 in the Owens Valley and 110 in Death Valley, with the lows ranging from the upper 30s in the mountains, to the mid 90s in Death Valley.
